Gentlemen:-

I beg to inquire if you can give me the name and address of a manufacturer who makes cases for keeping coins for collection and where I can get a catalogue giving the value of coins. I am especially interested in gold coins.

Yours very truly,

L K Doelling

Dear Sir:

Your letter of November 26th is at hand. I believe we could best advise you if you could arrange to come to the Museum and let us show you the system under which we arrange our coins. I notice that you are interested in gold coins, but I feel sure that we could help you more if we could know the series to which you have turned your attention.

Just at present our Museum is "closed to the public" owing to some alterations we are having made. This does not mean, however, that it is closed as tightly as that would imply, and if you will make an appointment by telephone we should be very glad to show you anything we have, and to advise you further with regard to your particular problem.

If this is not convenient, and you will let me know whether by 'cases' you mean cabinets, and if you will give me a little fuller description of the particular series you are collecting, I shall then try to respond by mail.

Very truly yours,

Secretary
